**ORDER:**

In terms of Chapter II of the RFCTLARR Act, 2013 1st read above, whenever the Government intends to acquire land for a Public Purpose, Social impact assessment study should be carried out in the affected area in consultation with the respective local body.

2. **The Chairman & Managing Director, SCCL in the reference 4<sup>th</sup> read above, informed** that the SCCL is in urgent need of lands for the new Coal mining projects and that grounding of new coal mines and extension of existing coal mines are substantially delayed due to cumbersome procedure in land acquisition. As a result, SCCL will not be in a position to produce and supply coal as per the set targets to the existing and new power plants apart from other Industries in Telangana State and South India. If the projects are not grounded as per schedule, cost of projects will be increased heavily due to delay. If coal is not supplied as per demand from time to time, operation of power plants will be affected and consequently lift irrigation projects, irrigation under wells and bore wells will also be affected; Industrial production will be hampered and amenities to general public will also be affected.

3. The C&MD, SCCL while discussing the provisions of RFCTLARR Act, 2013 informed that for acquisition of land for a public purpose under RFCTLARR Act, 2013, under Chapter II of the Act, Social Impact Assessment Study (SIA) should be conducted by a Committee of about six members and appraisal of SIA by an Expert Group and the same procedure cumbersome and time consuming due to which land acquisition may be delayed for years. The C&MD, SCCL has further informed that the new section 10A of RFCTLARR Act, 2013 empowers the State Government to exempt in public interest in case of lands acquired for its own use and infrastructure projects, from the application of the provisions of Chapter II and Chapter II of the Act, 2013. The “mining activities” is in definition of ‘infrastructure projects’ in main Act of 2013. Hence, in the public interest the lands to be acquired for coal mines are to be exempted from the application of Chapters II and III of RFCTLARR Act, 2013.

4. In view of the above, Chairman & Managing Director, SCCL has requested to exempt part land acquisition for the project mentioned in the following table and land acquisition for Venkatapur opencast Block-I, Bhupalapally Area in Mulugu District and Kasipet 1A section of Kasipet mine in Mandamarri Area in Mancherial District and arrange to publish respective Notifications in Form-A of the Rules under the RFCTLARR (Telangana Amendment) Act, 2016, in public interest and that after issuing a
